As a reminder, when you park your vehicle, please be certain that you do not have any valuables in plain view. Unfortunately, this is not a new trend in Carroll County, and in most cases, although the doors have been locked, thieves have spotted purses and other valuables, resulting in windows being broken and items taken. This type of criminal activity is known as “Smash and Grabs”.

These incidents are not isolated and can happen anywhere including our parks and not limited too. Please be mindful and aware.

If you see any activity which you deem to be suspicious, please dial 911 and the closest Officer/Deputy will respond.

We will be sure to share any additional information that we obtain.
